Li Jiang Education College

Dear the members of Sunrise Educational Foundation:

I am writing to express my gratitude for your generous contribution to fund drive.

As I got your assistance. I keep my mind on my study. Your aid is very important help to study and life, and eased my parents' so much burden, too. If it was not for your assistance, I am afraid that I have broken off. Your support make my future hopeful. So, I'll study more hard in the future. I believe that I'll change into a qualify graduate after three years.

Best wishes for you! Thank you again for your contribution!

Sincerely,

Li Lianchao
