Dear Sunrise Education Foundation,

Thanks for your help. My name is Wang Shaofeng and I'm from Yongsheng county. I'm a new student from five-year English class, 2003. My family is poor. My parents aren't knowledge able. They don't hope me to be like them. So they supported me to study. That's why I can come to study here. I'm very happy to study here, but I don't have enough money. You helped me when I was in trouble. You belong to American communities, but you help us have a better chance to study in the classroom.

So I want to send you my sincere thanks.

Thanks a lot!

Yours Sincerely,

Wang Shao Feng
