Dear Sunrise Education Foundation!

I'm a student living in poverty. I write this letter to thank you for your help. I can't thank enough. For me, I'm a lucky dog, you are so kind to help me, I have more money, and I needn't be worried about my living at school.

I will work harder at every subject. I will learn more knowledge for my work, for people, for society. Though your money can't help me do more things, I can solve some things of mine, I can buy some books on learning. I thank you so much to help me.

Best wishes

Yours Sincerely

zhang yong mei
